CITED REFERENCES

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art disclosed by applicant include 61 U.S. patent documents, five United Kingdom patent documents, one German patent document, one European patent document and one Japanese patent document which do not disclose/teach the gist of applicants inventive concept. Wolfe and Wolfe et al are cited by the Examiner for disclosing vehicle seat weight type sensors.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art does not disclose the use of a weight sensor for sensing the weight of an occupant in a seat having first and second members and including a case mounted between the members which is adapted to move along an axis substantially perpendicular to the direction of the occupants weight and at least one strain gauge resistor coupled to the case for generating an electrical signal in response to the case being stressed by the occupants weight and the strain gauge being sensitive only to the weight and of the

occupant and insensitive to other loads. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
